

As we are getting ready to reopen after being closed since Mid-March, we want to make sure we are all on the same page. While we know this can be a fearful time since none of us have ever experienced this before, the teachers and administration at Giggle Gardens Learning Center are committed to providing a quality program that is safe, educational, child-friendly, and fun!

While many things will seem different with new procedures in place for safety of all, this will still be an environment that fosters fun and learning. It is our goal to draw out and inspire the best in our students as we provide them with opportunities to create, explore, and learn.

Our number one priority is the health and safety of our children and our staff. This situation is unprecedented and is constantly evolving, so all changes we implement will remain as the “new normal” until further notice. We will make sure that all changes are realistic and feasible for staff and children by following CDC (Center for Disease Control) guidelines as well as those put forth by Massachusetts Department of Early Education and Care (DEEC). All staff members have taken COVID-19 training. We are reinforcing our policies and procedures for contagious illness with our staff. These include washing hands with soap and water for at least 20 second, staying home when sick and disinfecting frequently.

We will update you on any new developments or changes. We are grateful for our parents, children and staff.
